A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-known Ohio Physician:

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellowish, dull eyes, pimples, coated tongue, headaches, a listless, no-go feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists—Adv.

A New and Better Way of Displaying Dinnerware

For several years we have been giving much thought to our Dinnerware Section, looking toward improvement of the manner in which the various patterns could be displayed.

Our decision was reached after careful consideration, and during the past summer plans were drawn up and the fixtures made of handsome mahogany. There are 23 of these display tables, each one containing either four or six patterns of dinnerware.

The advantage of this new and better way of displaying Dinnerware is readily apparent. Each one is by itself and separated from the others, giving the same effect as it would have in your own home and enabling you to select more intelligently than ever before.

It also enables us to place before our patrons a greater number of patterns which offers wider choice. The patterns range all the way from plain white to the most elaborate, and include productions from the finest makers in France, England, America, and new ones from Japan.

We want to let you know of the very generous arrivals we have recently had from the French makers. Entirely new decorations and reinforcements of patterns that we have been carrying regularly.

An important value is a rose spray and green foliage Open-stock Dinner Set with stippled gold handles; plain shapes; \$30.00 for 100 pieces.
